

**Item 7.1 Petition Against BMX Pump Track in Garden City Reserve**

---

**Question from Councillor Cr Martin:**

Has or could a small section of the Sandridge foreshore be considered as a location for the pump track?

**Response:**

While Fred Jackson Reserve was the preferred site to progress the pump track, we are currently evaluating whether there is an opportunity to consider Sandridge Foreshore. Officers are currently working through an assessment process which includes site suitability and impacts and how other permissions (such as DELWP Coastal Consent). The assessment will be finalised soon and an update will be provided to Councillors once this has been completed.
